

Now, it is time for you to bring an innovative and smarter approach to manage your Library.

Higher redundancy on
Daily Library operation?

Looking for Web
Capabilities to enhance
User's relationship?

Want Analysis / Reports
to take a full picture of
the user behavior?

Is there any cost-effective
Hardware to increase
Efficiency and Accuracy?

Freeing your staff of Laborious, Manual Data Entry

SMaRTz Library is designed to make your routine jobs feel lighter and more interactive, to be exact: be more interesting. It is programmed to help your library operation run smoothly, more direct and with enhancement of its efficiency and data accuracy.

It also helps you keep in touch with your customers pro-actively, by putting all their information online, accessible anywhere they want.

Integrating with Barcode Technologies

Barcode Technology has been around for over 20 years and is penetrating to every level of our daily life. Undoubtedly, its ubiquitous appearance reflects of its greater benefits that bring to us.

So, we highly recommended of this mature and highly reliable technology – with barcode reader – it allows your library to have drastic increase of performance on data collection.

Staff Scheduler

Staff Scheduler is designed to have smooth communication among them and to provide full picture of shifts & on-duty scheduling. Click on SMaRTz Library and you can access all necessary data the staffs need is what we designed for.

Facility & Room Reservations

SMaRTz Library has not only provided management on books and CDs, tapes, TV sets and etc, we also allow you to manage of room bookings. This is highly effective for your activity-based approach. SMaRTz Library is far more than a library program, it is an educational tool for you to manage.

Web Capabilities

Web capability is one of our focuses for this fast-emerging Internet era. We add features such as:

- Online Reservation
- Provide library announcements to publicize recent acquisitions, special programs, and other facility news
- Publicize book reviews from Users

Web features allow more interactive involvement from users to boost users' desire to participate.

Why use barcodes ?

- They ensure error-free entry of book numbers, user ID and ISBNs
- They speed up stock cataloging, registration of users and check-in/out
- To provide a total solution, we provide barcode reader that you may see in shops
- The barcode reader simply plugs in between your PC and the keyboard
- To scan in a barcode, you just place the head of the barcode reader over it and press the trigger. The reader translates the barcode into an item number or user ID

SMaRTz Library's Value-Added Features:

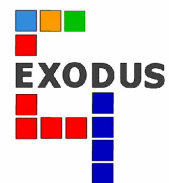

- **Easy to use, Friendly interface**
- **Recommended Reading Lists**
Authorized Staffs (teachers) can publish recommended reading lists and post the Most Popular loaned item lists to Users on the Internet
